

WHAT WE RECEIVED AND WHAT WE LOST OF ASSOCIATION TO EU

{ Nughedu Santa Vittoria }

{ Nuggedu Santa Vittoria }

- 497 inhabitants
- 8 strangers
- Part of the Historical region "Barigadu"
- Province of Oristano
- Sardinia Island

1 EX CONVENT

- WORKS OF RENOVATION AND VALORISATION
- PO FESR 2007-2013
- TOTAL COST: € 140.246,26
COFINANCED WITH € 43.139,51

MAIN OBJECTIVES:

To conserve, protect and enhance the architectural elements and construction techniques typical of the traditional architecture of the area, and at the same time recover a space to be dedicated to receptive (but not only) purposes.

MAIN INTERVENENTIONS:

- Construction of the base floor
- Implementation of external fixtures
- Masonry works
- Internal Finishing works (plasters, coatings, floors, plasterboard)
- Technological recovery (electrical sockets, interior and exterior lights, etc.)

2 READY-TO-READ PROJECTS

- INTERVENTIONS TO IMPROVE THE EFFICIENCY OF PUBLIC LIGHTING AND THE ARRANGEMENT AND ENHANCEMENT OF THE INHABITED CENTER
- PO FESR 2007-2013
- TOTAL COST: € 664.000,00

MAIN OBJECTIVES:

The intervention provided for the renovation and upgrading of part of the public lighting system, in compliance with the rules on electrical installations and in accordance with the regional guidelines on light pollution, also some urban portions were secured by installing new railings and rebuilding some sections of the road surface.

3 ECO CENTRE

- Building of an area equipped for the reception of municipal waste or their fractions
- PO FESR 2007-2013
- TOTAL COST: € 74.983,47

MAIN OBJECTIVES:

Complete and improve the service of separate waste collection, allowing the transfer of other types of waste and, in the future, to proceed with diversification within the same types, aimed at separating those fractions that are more susceptible to economic development

SAN BASILIO

- Redevelopment and enhancement of the "Novenario di San Basilio"- TENDER CIVIS "Strengthening smaller centers"
- PO FESR 2007-2013
- TOTAL COST: € 241.942,59.

MAIN OBJECTIVES:

The churchyard is circumscribed in part by the "muristenes" and partly by a dry wall as perimeter.

The functional organization and the general arrangement of this space for its full and correct fruition, respectful of the richness of the place, represents the heart of the present project for the enhancement of the Sanctuary.

MAIN INTERVENTIONS:

- work on the water and the sewage system;
- complete renovation of the lighting system
- reconstruction of the general electrical system and inside the Muristenes
- destruction of modern buildings
- complete remaking of the muristenes cover
- recovery and consolidation of the muristenes affected by the collapses

of the European Union

WHAT WE LOST FROM ASSOCIATION TO EU?

Though the great number of advantages there is some negative task due to UE association:

- Less sovereignty;
- Lack of a true common foreign policy and a very bad management of migrants
- Hard taxation;

{ Nuggedu Santa Vittoria }

THANK YOU
